Re: I.H.N. Family shelter program

To whom it may concern,

Our family was in the I.H.N. program in Las Vegas, NV. from late August until the beginning of October 2004. When we entered the program, my wife and I were on the verge of a divorce and our family was torn in all different directions due to the stress of marital problems that were only compounded by being homeless. Only through the patience, love and understanding of Bonnie and Teri along with their guidance and suggestions were we able to stop the destruction and start the rebuilding process of our family unit. If it were not for this wonderful program, our family would have surely split into a life of broken despair. This program is the only one of its type in the Las Vegas valley, and is truly a GOD send!!! We still keep in touch with the staff at the day site and continue to take advantage of the aftercare process. We have learned that through the love of the staff and volunteers and others that contribute to the program that there is HOPE, there is an answer to the homeless tragedy that affects so many families here in the valley. We are happy to devote any free time we have to volunteer in any capacity to help future families. A THOUSAND thanks are not enough for what this fantastic program has done for us!!!

God Bless,

Mitchell, Theresa & Jerod Nimmoor
